## 3/4" Drive Impactool™

Delivers the power, durability, reliability, and value to get the job done right. Non-biased motor delivers 1,050 ft/lbs of maximum torque in both forward & reverse. Features 2 power settings in forward & reverse. Variable speed trigger. This tool is smaller and up to 2 lbs. lighter than other 3/4" impacts in it's class, making it easier to handle. Unlike most other 3/4" impacts, the 259 does not require an upgrade to a 1/2" air line, therefore lowering shop costs and greater convenience of use ...all without sacrificing performance. Normal Dealer \$533.22

## 1105MAX Series Mini Air Ratchets

30 ft/lbs. of maximum torque combined with 300 RPM provides optimal torque/ speed combination. Superior features to give you MAX power, MAX control, and MAX comfort. Low-profile forward/reverse control. Variable speed regulator is hand-operable, perfect for use on small fasteners. Feather touch control lever. Composite handle and nickel-plated housing. Available in 1/4" and 3/8" drives.
